ERGONOMIC ADVANTAGE ULTRASOUND TABLES

The **EA** Line of tables incorporates all of the ergonomic features and comfort our tables have had for years with new powered features that speed up exam times and make positioning patients easier. From powered cardio panels and access panels to multiple motions occurring at the same time, these tables live up to their name.

Inspired by the leading ergonomic experts in sonography

ERGONOMIC ADVANTAGE ULTRASOUND TABLES

FOCUSED ON ERGONOMICS

Designed to reduce Repetitive Stress Injuries by minimizing reaching and the energy required to position patients. Our new designs support patients better, improve access, and make it faster to position patients.

Large Access panel supports more client anatomy while minimizing reaching for sonographers.

Powered Echocardiography panel slides open quickly to the desired size, simultaneously balancing access with support for the patient's torso and arm.

DESIGNED TO LAST

Made in America, all of our tables feature our unique small profile base made of heavy duty, powder coated steel and twin lifting towers for the ultimate in strength and rigidity.

Replaceable padded sections that are easily removed.

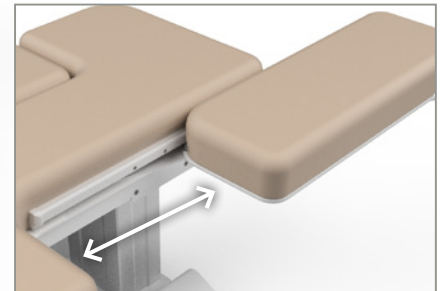

Powder coated, heavy steel construction with twin lifting towers that accommodate patients up to 550lbs

Ergonomic Advantage Line ECHOCARDIOGRAPHY EA ULTRASOUND TABLE

ECHOCARDIOGRAPHY EA

Fully Electric Table

ECHOCARDIOGRAPHY TABLE EA

FEATURES	
2 Section Top	30" (76cm) wide x 72" (183cm) long
Backrest	34" (86cm) long
Seat	38" (97cm) long
Motion 1	Electric Height Range: 19" - 33" (48-83cm) low height or 22" - 36" (56-91cm) high height
Motion 2	Electric Trendelenburg/Reverse Tilt $\pm 18^\circ$
Motion 3	Electric Fowler Backrest 0-75°
Motion 4	Electric Sliding Cardio Panel opens 15" (38cm)
Motion 5	Electric Access Panel opens 10" wide (25cm) x 0" - 22" long (56cm)
Hand Control	All electric motions
Weight Capacity	550 lb (250kg)
Product Weight	359 lb (163kg)
Padding	3" (8cm) Comfort Foam™
Fabric	Premium, PVC free TerraTouch™
Included Features	4" (10cm) locking casters, Powered access back support, electric sliding cardio panel, Paper roll holder
Warranty	3 years parts, 2 years labor
Safety Listings	FDA listed, CE marked, cETLus listed, CB Certificate

OPTIONS must be ordered with table.	
Central Base Locking System	Powered, lock and unlock using hand control
Foot Control	Height, Trendelenburg, Fowler
Side Rails (set of 2)	25.5" (65cm) long x 6" (15cm) tall (from surface of table)
Retractable footrests	Stirrups - adjust in length and width
Procedure tray	12.25" (6cm) x 10.25" (26cm) and holds 2 quarts (1.9 liters)
Battery Backup	Capable of running during power failure
Non-USA electric system	please contact us for order details

ACCESSORIES order any time.		#
Detachable Arm Board	5" (13cm) wide x 20.5" (52cm) long (Requires T-Rail Adapter)	84943-T*
T-rail Adapter 8" (20cm) long	Attaches to the table for use with USA format T-rail attachable accessories.	83139
Table Extender	24" (61cm) wide x 12" (30cm) long	63487 -T*
QuickLock™ Head Rest & AeroCel Pad	Comfortable, adjustable prone or supine support	PKG7554-T*

Recommended for:

All abdominal & superficial structures exams (*thyroid, male pelvis*)

- Musculoskeletal exams
- OB/GYN exams
- Breast exams
- Vascular exams
- Biopsies

MULTI-SPECIALTY EA

Fully Electric Table

Powered Leg section makes positioning patients' legs for exams stress free

All padded surfaces are easily replaced if they become damaged

Side Rails are recessed even farther under the top when not in use (optional)

Large 10"W x 22"L access panels are powered and offer better access and support

Paper roll holder

Twin lifting Towers create a rigid support system with trendelenburg and reverse trendelenburg standard

Electric Central Base Locking system makes securely positioning the table fast and easy (optional)

Base design makes it easy to move in close anywhere around the table on a chair

Graphic interface makes it easy to control all the powered functions.

ERGONOMIC ADVANTAGE LINE OPTIONS

SIDE RAILS

Our design recesses farther under the top when not in use, improving ergonomics beyond our previous model.

POWERED CENTRAL BASE LOCKING

The system allows you to easily lock or unlock the base by simply pushing a button on the hand control.

FOOT CONTROL

The foot control allows you to quickly position the patient by controlling multiple functions without using your hands.

BATTERY BACK UP

A battery back up system capable of running for several hours if the power fails.

STIRRUPS

Easily adjusted stirrups that store under the top can be combined with our optional, retractable, removable procedure tray.

PROCEDURE TRAY

Retractable, removable stainless steel. 12.25" (6cm) x 10.25" (26cm) & holds 2 quarts (1.9 liters).

ERGONOMIC ADVANTAGE LINE ACCESSORIES

SONOGRAPHER CHAIRS

Sonography chairs provide adjustments for seat height, back/arm height, and backward tilt tension, along with an integrated seat slider. These adjustments, along with the ergonomically designed support surfaces, allow sonographers to find the least stressful position for a wide variety of scans.

T-RAIL ADAPTER

Multiple locations allow you to choose the best spot for this easily installed & removed accessory capable of handling up to 150 lb (68kg). Can be used with any American standard accessory. 8" (20cm) L

TABLE EXTENDER

Lengthens the table by 12" (31cm) to 84" (213cm) allowing for access to the patient's neck for carotid artery exams and thyroid exams. 24" (61cm) W x 12" (31cm) L

DETACHABLE ARM BOARD

Attaches to the T-rail Adapter and rotates over 140 degrees. 5" (13cm) wide x 20.5" (52cm) long (Requires T-Rail Adapter)

QUICKLOCK™ HEAD REST & AERO·CEL PAD

The platform allows precise cervical flexion and height positioning over a wide range for both prone and supine treatments.

TERRATOUGH™ FABRIC

We strive to ensure that the colors displayed on our product imagery (online and in print) are as accurate as possible. However, due to the limitations of printers, scanners, computer monitors, and other equipment, the colors may not be accurate.

Oakwork's is independently certificated to ISO 13485 Quality Management System and regulatory requirement for medical devices ensuring consistent, high quality products. Our products are made in our state-of-the-art 91,000 square foot factory in New Freedom, Pennsylvania.

All of our tables are FDA Listed.

Please visit our website, www.oakworksmed.com, to view our complete line of tables and accessories for C-arm Imaging, Pain Management, Ultrasound, Urology, Lithotripsy, Exam & Treatment.
